

Bellman Alarm Clock PRO

The Pro Alarm Clock from Bellman has a loud (100dB) alarm and strong vibrating bed shaker. It also has a connection for the telephone line, so you can be alerted to phone calls, and an external input socket for connection to other devices such as the mobile phone sensor or contact mat.

- **Extra loud alarm signal:** Gradually increases to over 100dB
- **High intensity flash:** Features four bright flashing LED lights
- **Powerful bed shaker:** Vibrates under your pillow or mattress
- **Backup battery:** Works even during power loss
- **Night light beacon:** Guides you back to bed
- Large LCD display
- 4 x NiMH AAA batteries included
