

Bellman Visit Portable Receiver

The Bellman Visit Portable Receiver notifies you with a loud sound signal and a bright light when the doorbell, or telephone rings, if your baby needs attention, or if the smoke alarm goes off. It's easy to use and wireless, so you can bring it out on the balcony or the porch.

Note: Requires a compatible Bellman transmitter to use with.

- **Adjustable signal:** Delivers sound pressure of up to 93 dB
- **Clear identification:** Uses colored lights and individual sounds
- **Long lasting power:** Lasts up to 3 years on standard batteries
- **Adjustable radio key:** Allows for multiple systems in one area
- **Easy set up:** Includes a wall mount bracket
