

# MOBILE AIR CHAIR

The Aspire Mobile Air Chair features a unique design that promotes skin immersion and envelopment. Pressure is redistributed across the skin's surface, helping to reduce the risk of pressure injuries associated with prolonged sitting or lying.

Lateral Transfer Position  
for improved WH&S

Recline and Leg Raise  
manages posture and  
lower limb oedema

Attendant Grip Handles  
for effortless control

Adjustable Air Bladder  
Pressure promotes  
skin microclimate

Optional Padded  
Footrest CHP198860\*

Optional Table  
Fixed CHP198861  
Fold-away CHP198862

- Unique Pressure Care Design** promotes immersion and envelopment, redistributing pressure to reduce the risk of pressure injuries during prolonged sitting or lying
- Smart Positioning** with gas-assisted tilt up to 25°, recline to 90°, leg raise to 90°, and patented True Lay Flat with SmartTilt technology to prevent unintentional head-down positioning.
- Adjustable Pressure Surface** featuring customisable matrix of air-flow chambers with higher-density perimeter and movable foam cores to support microclimate control, even pressure distribution, and tailored positioning
- Manoeuvrability** with lockable directional castors ensure easier movement through tight spaces
